

FreeStep Gel Seat Cover

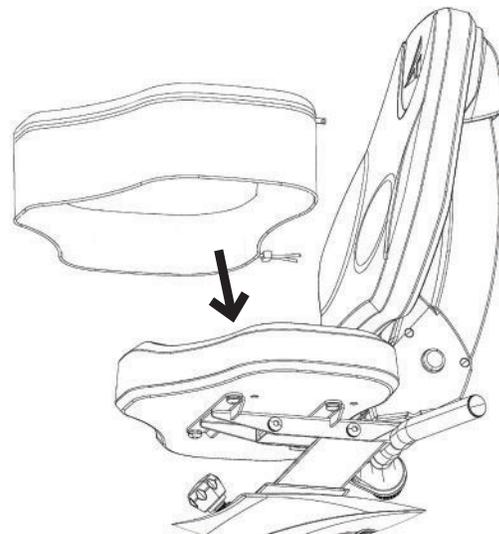

Assembly & Maintenance

- Align the Gel Seat Cover on top of the FreeStep seat, pulling and smoothing the fabric sides around the seat.
- Press the drawstring toggle and tighten the string until the Gel Seat Cover is secured around the base of the FreeStep seat.
- Test the installation and adjust to ensure a snug fit.

CARE INSTRUCTIONS

- Spot clean: Wipe the surface of the seat cover with a damp cloth using a mild detergent.
- Machine wash: Unzip cover and remove gel from cover before washing. Wash cover on delicate cycle and lay flat to dry. Do not tumble dry.

If you have any trouble assembling the equipment, or questions about its use, please contact Teeter customer service.
